

BODY COLD CHAMBERS

We are an established Czech supplier of body cold chambers to hospitals, funeral companies and the private sector. Our chambers are designed to the highest standards of efficiency and durability and can be offered in a variety of configurations to cover all customer needs from 1 body 1 tier to multi-body chambers. We have developed an extremely strong system that ensures perfect stability and easy and reliable access.

Body cold chambers are made from polyurethane (PU) insulation panels. Racking can be adjustable heights. Refrigeration units can be top, side-mounted or split system where the refrigeration unit is fitted elsewhere.

Basic version of body cold chamber:

Capacity	: 3 bodies
Construction	: PU panels, Stainless steel version AISI 304
Hinged door (W x H)	: type CHO 800 x 1950 mm
Dimension external (W x D x H)	: 1150 x 2400 x 2350 mm
Dimension internal (W x D x H)	: 1000 x 2250 x 2200 mm
Temperature	: 0°C/+2°C

Options:

- Body tray AISI 304 (W x L) 598 x 2120 mm (active length 1920 mm), weight 20kg
- Electric stacking trolley AISI 304, max. load 150kg, weight: 92kg, dimension external (L x W x H) 1775 x 630 x 1000 mm, max. height 1745mm, 5x PVC rollers (reduce noise, easy to clean, very light, resistant to corrosion), 4 rotating wheels (100mm diameter)-all with brakes, electro motor 24V including battery, working time-40 cycles
- Set of interior fittings include full rollers and rails AISI 304

Export Department:

Mělnická 150, 277 06 Lužec nad Vltavou
