

# CONTAINERS

HORAK Brothers Company, traditional supplier of refrigeration equipment, is pleased to offer you container boxes for quick implementation of chiller and freezer storages. Containers are made from insulation polyurethane panels which are mounted into heavy-duty metal frame.

Each container – including cooling unit from Zanotti Spa – is assembled and carefully checked in our factory before delivery to customers.

After delivery you can connect containers into power by system plug-in only. Easy transfer, not assembly and building license needed, anytime ready for operation.

HORAK Brothers Company offers you two basic types:

- Chiller container type **CHK 30**
- Freezer container type **MK 27**

### Technical features:

Type	CHK 30	MK 27
External dimension (W x L x H)	2435 x 6055 x 2900 mm	
Internal dimension (W x L x H)	2275 x 5350 x 2460 mm	2175 x 5250 x 2360 mm
Internal volume	29,9 m <sup>3</sup>	26,9 m <sup>3</sup>
Hinged door (W x H)	1000 x 2000 mm	
Insulation thickness	75 MM	125 MM
Cooling unit Zanotti - ecologic refrigerant	R 404 A	
Voltage	3 x 400V / 50 Hz	
Protection	16A/C	16A/C
Internal temperature	0 ÷ +10°C	-18 ÷ -22°C
External temperature	40°C	40°C
Weight	2440 kg	2550 kg

Manufacturer reserves the right to modify technical features without notice.

Our company is ready to offer containers up to 8 meters length, also different height.

We are able to offer you also configuration of containers up to final chilling space of 1000 m3.
